Elton association. The Delta com-

pany a good cash subscription was taken

for the college and one or two mills

will come to the school.

Water in the River.
Water from the rains of Wednesday

night began to rise in the river at

four o'clock yesterday morning and

last night overflowed the soil into

the reservoir. Last night the banks

of the river were even full of water.

It is estimated that a month's supply

has been pumped into the reservoir.

At the Colonial.
"A Wireless Romance" is a deligh-

ful comedy drama, with some mighty

driving and spectacular scenes.

A young lady is being kidnapped by

a man who wants to be her husband.

She sends a wireless message to her sweet

heart who is a short-wave operator.

The operator secures a racing launch

and sets out after him. The scenes

showing the chase by the two ships

is exceedingly spectacular and a de-

lirious novelty in motion pictures.

"The Fire Chief's Daughter" is a

very strong melodrama and very

good. The new songs "Peter Town"

and "Smiling Eyes" are making a de-

cided hit.

"The Cat and the Fiddle."

The production of the merry musi-

cal extravaganza "The Cat and the

Fiddle" is announced for the presen-

tation at the King opus 1000, Main

Street, Oct. 17, is being spoken of as

no small amount of comment on ac-

count of its wonderful hit last season.

All the musical numbers are quick

and new this season and the mu-

sical comedy, new laugh-provoking

slogans and situations are humorous

indeed. "The Cat and the Fiddle"

is a musical comedy of absolute in-

terest and contains many surprising

effects and several refreshingly new

and untry types of satirical extra-

vanza. Its scenes are closely knit

and the action is rapid; humor is

abundant and the players give it ade-

quate expression. The production is

new this season. Harry E. Watson

and the Hoylands, Rose and Arthur,

head the casts of forty or more.

PERSONAL MENTION.

Items of Interest of Those Who Come
and Go.

H. Winchester came over from Dal-

lous last night.

Constable Bill Robinson was in the

city yesterday.

John has gone to Mt. Vesuvius.

Attorney J. A. Stone, Jr., of Celeste,

was on business.

He was in town yesterday.

J. F. Latice was a business visitor

to Gainesville yesterday.

Mr. and Mrs. J. F. Hulsey, of Van-

derbilt, were in town yesterday.

W. L. Worth Harrison returned to Bay

on Friday.

E. L. Kirkley
